

ACKNOWLEDGEMENT EMERGENCY PROCEDURES

Emergency Control Procedures have been put in place for Sphere Southport Living and the Emergency Procedures booklet can be found in the Green Folder in your Welcome Kit.

These procedures are supported by site management and have been put in place to enable the safe evacuation of all residents and visitors.

In the event of an emergency, the Emergency Control Procedures can only be systematically carried out if everyone has read and understood the procedures and know what is expected of them.

During an emergency, all residents may be required to evacuate the building. The risk of panic, personal injury and loss of property can be significantly reduced if everyone is familiar and aware of the procedures.

Please take the time to familiarise yourself with the procedures and sign below to indicate that you have read and understood the procedures and then return this Acknowledgement to us for our records.

I/We

will read the Emergency Procedures booklet and agree to ensure that I/we am/are familiar with the emergency procedures outlined therein.
